Thaddeus Stevens
College of Technology

— WELCOME —

An acclaimed residential two-year college serving students throughout Pennsylvania, Thaddeus Stevens College of Technology is an accredited technical college dedicated to preparing students for high-demand careers with family-thriving wages at an affordable cost.

Founded in 1905 with a mission to create access and opportunity for those who might not otherwise be able to pursue a college career, we partner with industry throughout the state to create a pipeline of high-quality employees.

Today, we have 24 associate degrees, 4 certificate programs, and several short-term skilled training programs that last from six weeks to six months, each led by faculty experienced in the workforce. More than 1,450 students are actively completing hands-on learning throughout our five locations this year.
